Lopolk & Klopol (Part I):

Once upon a time, a long time ago, there was a planet far away from earth called the Lopolk, and on this planet there lived a dwarf family. Their neighbors on the left side were smurfs, and neighbors on the other side were LEGO figures. One day, a UFO landed on Lopolk. From inside the UFO walked out four aliens: Bok, Nit, Seg and Har. Seg said: "Hi, I'm Seg, and these are my three friends Bok, Nit and Har." Aliens took one dwarf, one smurf and one LEGO figure to their UFO, and they flew away. Then the others met on the street and said at the same time: "What are we gonna do?!"
